## Requirements for Teacher Licensure in Geology:

---

In addition to completing the requirements for a major in geology and the other requirements of the Teacher Education Program, the following courses are also required for licensure:

- BIO 201 - Principles of Biology: Cells
- BIO 202 - Principles of Biology: Biodiversity
- GLY 150 - Introduction to Oceanography
- PHY 260 - Introduction to Astronomy
- GGY 230 - Introduction to Weather and Climate

## Additional Information:

For information on the Teacher Education Program admissions criteria and the courses required for licensure in North Carolina, see the –Watson College of Education section of this catalogue. Students planning to pursue licensure should apply to the Watson College of Education as soon as admissions requirements are met (typically in the sophomore year) and plan their programs in regular consultation with their advisors. Teacher licensure requirements are established at the state level and may be changed by the state at any time.

## Minor Program Correction
## 04/26/13 LT

# European Studies Minor

A clerical error was discovered in the listing for elective courses. To correct this error, HST 495 and HST 496 were removed from the list of approved electives for a European Studies Minor. The following courses were added as approved electives: HST 399, HST 416 and HST 418.

## Course Descriptions
